

# Thom Treebus

## Computer Science Student

---

### Thom Treebus

London/Brussels

[thomtreebus@gmail.com](mailto:thomtreebus@gmail.com)

<https://www.linkedin.com/in/thomtreebus/>

<https://github.com/thomtreebus>

---

---

### Skills

Java (3 years), MySQL, JavaScript, NodeJS, Express, MongoDB, HTML/CSS, GIT

Languages: English, Dutch, German (Conversational)

---

---

### Experience

---

#### Topparfumerie / Head of Operations and Customer Service

August 2019- November 2020

TopParfumerie is a fast-growing international fragrance and beauty e-commerce company. I oversaw many day-to-day operations including stock inventory management and all customer service. I was also involved in the marketing and growth planning of the company.

#### Lilo Global / Intern

July 2019 - August 2019

Completed a research assignment about customers and competitors on social media and forums.

---

---

### Personal Projects

---

#### Airbnb Property Viewer

Developed a javaFX application in a team with 3 other students. The application loads data from different csv files and displays them on a map in addition to showing statistics about different properties and boroughs in London. A booking form was implemented and unit testing was used.

#### Memories Web App

Web application where you can create, edit, and delete posts that capture your favorite memories. Created using NodeJS, React, Express, and MongoDB. View the live version of the project: <https://memories-app-tt.netlify.app/>

#### Messenger Web App

Web app where users can sign in using their Google or Facebook account and send messages inside of message rooms that can contain multiple users. Created using React, Firebase, and chatengine.io. View the live version of the project: <https://ttchatapp.netlify.app/>

---

---

### Education

---

#### King's College London / Bsc Computer Science with Management

September 2020 - June 2023

1st year modules: Foundations of computing, computer systems, programming, data structures, database systems, accounting and financial reporting, principles of economics

#### International School of Brussels / International Baccalaureate

August 2016 - June 2020
